SECTION 1

1. **Introduction**

Coastline Elderly Services, Inc. is a federally designated Area Agency on Aging (AAA) and state Aging Services Access Point (ASAP) providing services to elders in the communities of Acushnet, Dartmouth, Fairhaven, Gosnold, Marion, Mattapoisett, Rochester and New Bedford since 1977. The mission of the agency is *“to enhance the lives of seniors, caregivers, and those with similar needs by assisting them to remain in their homes through a range of quality services.”*

2. **Title III**

The purpose of Title III of the Older Americans Act is to develop a comprehensive and coordinated health and social service system which assists elders to maintain independent living in their homes as long as desired. All projects should support the goals of the AAA and the Older Americans Act in ensuring elders and caregivers the opportunity for lives of optimal independence, security, dignity and fulfillment. All programs must give particular attention to low income minority individuals including:

- a. older individuals with the greatest social and economic need
- b. older individuals with limited English proficiency
- c. older individuals residing in rural areas
- d. older individuals with Alzheimer’s disease and related disorders with neurological and organic brain dysfunction and,
- e. older individuals at risk for institutional placement.

3. **Funding Level:**

Funding is contingent upon the allocation and receipt of federal Title funding from the Massachusetts Executive Office of Elder Affairs. Contracts will be issued for one year with the possible option of renewal based on program performance, existing need for service, and funding availability. Allocation of funds include: Supportive and Legal Services; \$233,000, Caregiver Services; \$61,000, Medication Management; \$4,800 and Health Promotion, \$13,000.

4. **Funding Guidelines:**

Each proposal will be individually reviewed and evaluated for “Best Quality and Economic Value to the AAA,” the validity of proposed expenditures and the overall cost effectiveness of its budget. Funding is provided on the basis of reimbursement for monthly billing submitted to the sub-grantee project. *For this reason, the sponsoring agencies must have sufficient financial resources to support the initial 2-3 months of operation of the proposed project.*

5. **Information and Assistance:**

The AAA will provide technical assistance to all applicants. Please contact Ann McCrillis, AAA Planner at 508-999-6400, ext. 160.

6. **Monitoring and Evaluation:**

All projects will be required to submit timely monthly budget and statistical data and will be subject to on-site evaluations by the AAA.

7. **Priority Funding Areas:**
 Innovative projects providing direct services to target populations will be considered for priority funding. Among proposed direct services, funding priority will be directed to – but not limited to the following priority areas:
- § Development and expansion of transportation services
 - § In-home and community medical and mental health services
 - § Fall prevention and/or other evidenced-based program including exercise
 - § Legal services
 - § Medication management

 - § Or other supportive service(s) to enhance the capability of the elder to live independently.
8. **Selection Criteria:**
 Qualified organizations are invited to submit applications for programs targeted to priority areas. Review and evaluation of the applications will be conducted by a 5-member Title III-Committee comprised of Coastline’s Board of Directors and the AAA Advisory Council. Final Funding decisions will be made by Coastline’s Board of Directors. *(A summary of the review criteria is included on page 13).*
9. **Handicapped Accessibility:**
 All sites where the proposed program will take place must be handicapped accessible with provisions for emergency preparedness.
10. **Coordination of Services:**

Memoranda of Understanding will be required from community agencies with which the proposed project would coordinate services (i.e., referral sources, additional funding sources) and from any site, not under the aegis of the sponsoring agency at which the project is proposed to operate (i.e., senior centers, elder housing units, etc.).
11. **Reference on Funded Publications:**
 If an organization publishes or distributes brochures, periodicals or other publications describing any program funded in part or in whole by Coastline Elderly Services, Inc. and the Executive Office of Elder Affairs, the publication must prominently display in such a report a statement to the following effect. *“This agency and its programs are funded (in whole or in part) by a grant from Coastline Elderly Services, Inc. and the Massachusetts Executive Office of Elder Affairs.”*

12. **Policies and Procedures for the Management of Title III Program Income Derived from Voluntary Contributions:**

13. **Geographic Planning and Service Areas:**
Proposed projects may serve all or part of the planning and service area which includes the communities of Acushnet, Dartmouth, Fairhaven, Gosnold, Marion, Mattapoisett, New Bedford and Rochester.
